BUSINESS MODEL

Who will be KONIS's potential Clients?

Analyzers

entries viewers

Reliable entry signals from advanced AI analyzers

Advance Traders

automatic bots trading

Automated and semi-automated bot trading designed for who want full strategy execution with speed and flexibility.

Investors

premium service

A managed service where we trade on behalf of investors, operating like an investment fund to deliver steady, long-term growth.

BENEFITS

Control & Security

1

Trade with peace of mind. Your funds remain on your exchange – KONIS bots only execute trades, never withdrawals.

Transparency

2

Watch every trade live on KONIS and your exchange account. Full visibility, no hidden actions.

Flexibility

3

Easily configure stop-loss, take-profit, ROI thresholds, and trigger force entry/exit whenever you choose.
